

Roan Solutions – Microsoft Teams SMS Privacy Policy

Last Updated: April 7, 2026

Roan Solutions ("we," "us," or "our") uses SMS messaging through **Microsoft Teams** to support secure business communication and account security. This Privacy Policy explains how we collect, use, protect, and manage information related to SMS messages sent to or received from **employees and customers**.

How We Use SMS Messaging

We use SMS messaging exclusively for legitimate business purposes, including:

- Client and customer communication
- Internal employee communication
- Operational and service-related notifications
- Security alerts and account notifications
- Multi-Factor Authentication (MFA) and one-time passcodes (OTP)

We do **not** use Microsoft Teams SMS for marketing or promotional messaging unless explicitly stated and separately consented to.

Information We Collect

When you participate in SMS communications with Roan Solutions, we may collect:

- Your mobile phone number
- SMS message content (sent and received)
- Date and time of messages
- Message delivery status (sent, delivered, failed)
- Security or system metadata related to authentication events

We only collect information that is necessary to provide SMS communication and security services.

How Consumer Data Is Used and Shared

SMS data is used solely to:

- Enable two-way business communication
- Provide customer or employee support
- Deliver service and security notifications
- Facilitate identity verification and MFA
- Meet audit, security, and compliance requirements

Mobile opt-in information will not be shared with third parties for marketing purposes.

Roan Solutions does **not sell or rent SMS data**. Information is only shared with Microsoft and mobile carriers as needed to deliver messages, or when required by law.

Message Types You May Receive

By opting in, you may receive SMS messages related to:

- Client or service communications
 - Internal work-related messages
 - Account or service notifications
 - Security verification and authentication
-

Message Frequency

Message frequency varies depending on communication needs and security events such as login verification.

Message and Data Rates

Msg & data rates may apply depending on your mobile carrier and service plan.

Consent and Opt-In

By providing your mobile phone number, initiating SMS communication, or enabling features such as MFA, you consent to receive SMS messages from Roan Solutions through Microsoft Teams for the purposes described in this policy.

MFA and security messages are considered essential for system access.

Opt-Out Instructions

You may opt out of non-security SMS messages at any time by replying:

- **STOP**
- **CANCEL**
- **UNSUBSCRIBE**

After opting out, you will no longer receive business SMS messages unless you re-consent.

Opting out of SMS-based MFA may limit access to certain systems. Please contact support to arrange an alternate authentication method.

Get Help or Contact Us

For support or questions related to SMS messaging:

- Reply **HELP** to any message
 - Email: **support@roansolutions.com**
 - MFA Support: **servicedesk@roansolutions.com**
 - Phone: **617-517-6444**
-

Data Security and Retention

SMS data is processed and stored using Microsoft Teams and Microsoft cloud services, protected by industry-standard security controls such as encryption, access restrictions, and monitoring. Data is

retained only as long as necessary for business, legal, or security purposes and is securely deleted afterward.

Policy Updates

We may update this SMS Privacy Policy from time to time. Any changes will be posted on this page. Continued participation in SMS communications indicates acceptance of the updated policy.
