

Microsoft Teams SMS – Terms & Conditions

1. Campaign-Aligned Service Description

Microsoft Teams SMS is used by **Roan Solutions** to enable secure, business-related text messaging through Microsoft Teams. Messages are only sent for approved campaign use cases, including:

- One-to-one client and internal business communication
- Customer and employee support interactions
- Security and authentication messages, including **Multi-Factor Authentication (MFA)**

This service does **not** support marketing, promotional, political, or bulk advertising messages.

2. Campaign Use Case Alignment

Campaign Element	Aligned Terms
Primary Use Case	Conversational / Business Communication
Secondary Use Case	Account Notifications / MFA
Message Direction	Two-way conversational + system-generated MFA
Audience	Employees and customers
Automation Level	Low (conversational) + event-triggered (MFA)
Marketing Content	✗ Not permitted

3. Consent (Opt-In) – Campaign Consistent

By providing a mobile number or initiating communication with **Roan Solutions** recipients consent to receive SMS messages via Microsoft Teams for approved campaign purposes.

Consent may be established through:

- Business or client engagement
- Employment or account registration
- Enabling MFA or account verification
- Direct initiation of a conversation

MFA and security messages are essential service messages and may be sent without separate promotional consent.

4. Message Purpose (Carrier-Aligned)

Allowed Message Types

- Client coordination and follow-ups
- Service desk and operational updates
- Internal employee communication
- One-time passcodes (OTP)
- Login verification and security alerts

Prohibited Content

- Marketing or promotions
- Sales advertising
- Mass outreach
- Third-party lead generation

5. Message Frequency

- **Conversational messages:** Variable, based on active communication
- **MFA/security messages:** Event-triggered only

No scheduled bulk messaging or high-volume campaigns.

6. Opt-Out & HELP

Business Communication Opt-Out

Recipients may opt out of non-security messages at any time by replying:

- **STOP**
- **CANCEL**
- **UNSUBSCRIBE**

Opt-out requests are honored immediately.

MFA Messages

Disabling SMS MFA may impact access to systems or services. Users should contact support to configure an alternative authentication method.

HELP Response (Recommended)

You are receiving messages from **Roan Solutions** via Microsoft Teams SMS for business communication or security verification. Reply STOP to opt out of non-security messages or contact servicedesk@roansolutions.com.

7. Fees & Carrier Disclosure

Message and data rates may apply based on the recipient's mobile plan. **Roan Solutions** is not responsible for carrier-imposed charges.

8. Privacy & Data Handling

SMS communications are processed in accordance with:

- Applicable privacy and data protection laws
- Microsoft Teams security and compliance standards
- Our Privacy Policy
 - You may contact our team at servicedesk@roansolutions.com to obtain the SMS data handling and privacy policy.

9. Compliance Statement

This Teams SMS campaign complies with:

- CTIA Messaging Principles
- TCPA regulations
- Carrier A2P messaging requirements

Use is limited to the campaign purposes described and may be suspended for non-compliant behavior.

10. Updates to Terms

Roan Solutions may update these Terms & Conditions as required. Continued use of Teams SMS constitutes acceptance of the revised terms.
